Description of Activities

Meet your Neighbourhood: We invite you to immerse yourself in the secrets and the surprises of our University area by cycling. Come to explore all the points of interest together and discover the urban hangout of our neighbourhood! After the end of the tour join us for a refreshing drink! (For Nicosia Campus).

Meet Limassol: We invite you to get to know Limassol by cycling. Come explore and discover the hangouts spots of the city! After the end of the tour join us for a refreshing drink! (For Limassol Campus).

Meet the Way: High school to University Transition: How is University different from High School? Learn skills that will help you adapt successfully in your new role as a University Student. After the seminar, join us in the garden and get to know each other through fun activities.

Meet Lympia: Come, meet the community of Lympia and explore its "instagram" spots starting with the "ladder of love"! Then get to know the village, the soap factory, have coffee and chat at the "Kaskander", the newly established meeting point in the centre of the village. Interesting Fact: Pavlina Platonos, our guide, is a Frederick University graduate, resident of Lympia and an active member of the community. Pavlina is making a difference in her community!

MEET Us @ the Beach: Enjoy a day at the beach and try out different water sports. Snacks, water sports fees and bus transportation are free of charge. Don't forget to bring your swimsuit, beach towels and sunscreen!

MEET Us: Begin your journey to success #TheJourneyToMySuccess: Your own journey to success begins here! New Students' Orientation Day.

Prepare for your Journey:

During the preparatory programme the following workshops will be offered in order to help you develop skills and practices that will make you a successful student. The exact dates will be announced on the first day of the preparatory programme.

Ready, Set, Explore: It is important to be an active student not only in the classroom but outside of it as well. Find out what resources and opportunities you have at your disposal in order to make the most of your student experience.

Using Digital Tools for learning: Learn how to use the digital tools available at the University that will enhance your learning experience.

Habits for Successful Students: While there is no single formula of success, these habits will guarantee to get you a step closer.

*For the particular activity there are limited number of seats available, so do not forget to register at the Students' Information Point (Reception) or by sending us an email at studentwelfare@frederick.ac.cy

Note: Any of the activities included in the Induction and Orientation Programme may be canceled or offered remotely according to travel restrictions and relevant guidelines issued by the appropriate Authorities in regards to Covid-19.

Preparatory Classes

Frederick University and Frederick Institute of Technology offer, will offer during September, free intensive courses in order to help your transition to higher education be as smooth as possible and successfully begin your studies in your Programme of Study. During the preparatory programme you will have the opportunity to get acquainted with the University/College, as well as with faculty members and fellow students.

ENGLISH

ENGLISH & MATHEMATICS

Placement Tests

The placement test is a way of assessing the approximate level of a student's knowledge of English and Maths so that we are better able to determine your needs and provide you with the skills necessary in order to succeed in your studies.

Placements tests will take place as follows:

English Placement Test
All students in Groups 1 & 2 – 24/09

Maths Placement Test
All students enrolled in Engineering Programmes – 23/09

FREDERICK INSTITUTE OF TECHNOLOGY

We recommend that all new students participate in the English Intensive Course.
