Description of Activities

Meet your Neighbourhood: We invite you to immerse yourself in the secrets and the surprises of our University area. Come to explore all the points of interest together and discover the urban hangout spots of our neighbourhood! After the end of the tour join us for a refreshing drink! (For Nicosia Campus).

Meet Limassol: We invite you to get to know Limassol. Come explore and discover the hangout spots of the city! After the end of the tour join us for a refreshing drink on a magical rooftop! (For Limassol Campus).

Meet Lympia: Come, meet the community of Lympia and explore its instagrammable spots starting with the "ladder of love"! Then get to know the village, the soap factory, have drinks and chat at the "Kaskander", an urban meeting point in the centre of the village. Interesting Fact: Pavlina Platonos, our guide, is a Frederick University graduate, resident of Lympia and an active member of the community. Pavlina is making an impact in her community!

Meet Palaichori: The route to the village is magical. The landscape, the breeze (don't forget your cardigan!), the local hospitality, and its heritage will win you over immediately. Let's walk in the village's alleys, visit the sights, meet the locals and enjoy delicious food under the centuries-old plane trees. They say that "We don't need much to experience moments of happiness" and they are right!

Meet us at the beach: Enjoy a variety of beach sports such as beach tennis, beach volley, canoeing, cycling & swimming. All sports activities are performed under the supervision of trained professionals. So, whether you are a beach sports enthusiast or just like to sunbathe and relax on the beach, this is an event not to be missed!

Prepare for your Journey:

During the preparatory program the following workshops will be offered in order to help you develop skills and practices in order to become a successful student.

Are you ready to:

- Be Goal Oriented?
- Be a Proactive Learner?
- Be the Best Version of Yourself?

Using Digital Tools for Learning: Learn how to use the digital tools available at the University that will enhance your learning experience.

*For this particular activity there are limited number of seats available, so do not forget to register at the Students' Information Point (Reception), or follow this [link](#).

THURSDAY

28

MEET Us: #TheJourneyToMySuccess: Your own journey to success begins here! New Students' Orientation Day.

Join us to:

- Meet your professors.
- Meet fellow and continuing students.
- Receive your timetable of courses.
- Learn about the rules, the regulations and the support services at Frederick.

Preparatory Classes

Frederick University and Frederick Institute of Technology offer, during September, free intensive courses in order to help your transition to higher education be as smooth as possible and successfully begin your studies in your Program of Study. During the preparatory program you will have the opportunity to get acquainted with the University/College, as well as with faculty members and fellow students.

Placement Tests

The placement test is a way of assessing the approximate level of a student's knowledge of English and Maths so that we are better able to determine your needs and provide you with the skills necessary in order to succeed in your studies.

Placement tests will take place as follows:

Maths Placement Test: All students enrolled in Engineering Programs – 21/09

English Placement Test: All students in Groups 1 & 2 – 22/09

THE COURSE YOU WILL HAVE TO ENROL IN BASED ON YOUR PROGRAM OF STUDY

Course	ENGLISH ↓	ENGLISH & MATHEMATICS ↓	SPECIAL TOPICS IN ARCHITECTURAL ENGINEERING ↓	CHEMISTRY & PHYSICS ↓
