The Journey to Your Success starts here!

The New Student Induction Program has been designed to help you prepare for the start of your studies and settle smoothly into university life. Through preparatory classes, workshops, social activities and the Orientation Day, you'll gain the knowledge, confidence and connections to begin your journey at Frederick University.

Preparatory Program Begins

Monday, 7 September 2026 | 10:00 | Nicosia & Limassol

English & Math	8 - 25 September
For all School of Engineering programs of study	Daily 09:00 - 13:10
Placement Test* 24 & 25 September	

Topics in Architecture	14 - 25 September
For the Department of Architecture	Daily 09:00 - 13:30

**The placement test is essential as it helps us assess your current level of knowledge so that we can provide additional academic support where needed.*

DEVELOPMENT WORKSHOPS

Skills for University Success

Our workshops are designed to help you adjust smoothly to university life and begin your studies with confidence.

Don't miss out!

Mission: Joy

WORKSHOP #1

Thriving at University: Essential Academic Skills

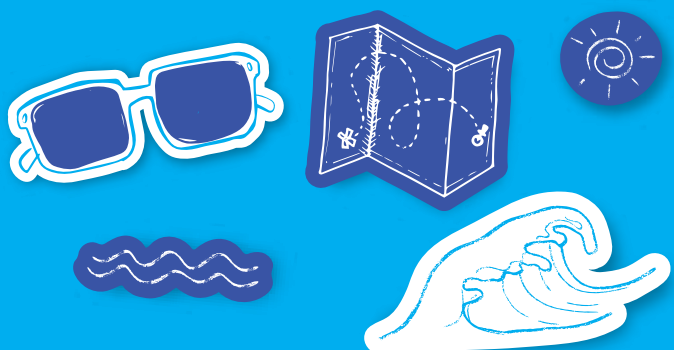

WORKSHOP #2

SOCIAL & RECREATIONAL ACTIVITIES

Meet new friends, explore the city, have fun, and enjoy unique experiences through the free activities offered as part of the Induction Program, including:

- Meet your Neighbourhood
- Team Building Activities
- Be Active on the Beach
- Sunset Escape – Catamaran Swims & Drinks

NEW STUDENT ORIENTATION DAYS

Limassol 30.09.26, 09:30 | Nicosia 02.10.26, 09:30

Your participation in the Orientation Day of your campus is mandatory as it marks the official beginning of your journey at Frederick University.

During the day, you will have the opportunity to:

- Get acquainted with the University and your Academic Department
- Register for your first semester classes
- Learn about the University's services, opportunities and support available to students
- Meet your fellow students, academic staff and professional services staff

The days, times and full details of all activities, will be sent to you electronically before the start of the Induction Program.
