26 Placement test in English (Groups 1&2)	27 Meet Palaichori*	28 MEET US Student Registration to Fall Semester Courses Orientation Day	29 MEET US Student Registration to Fall Semester Courses Orientation Day	30

## Description of Activities

**Meet your Neighbourhood:** We invite you to immerse yourself in the secrets and the surprises of our University area. Come to explore all the points of interest together and discover the urban hangout spots of our neighbourhood! After the end of the tour join us for a refreshing drink! (For Nicosia Campus).

**Meet Limassol:** We invite you to get to know Limassol. Come explore and discover the hangout spots of the city! After the end of the tour join us for a refreshing drink! (For Limassol Campus).

**Meet Lympia:** Come, meet the community of Lympia and explore its instagrammable spots starting with the "ladder of love"! Then get to know the village, the soap factory, have coffee and chat at the "Kaskander", the newly established meeting point in the centre of the village. Interesting Fact: Pavlina Platonos, our guide, is a Frederick University graduate, resident of Lympia and an active member of the community. Pavlina is making an impact in her community!

**Meet Palaichori:** The route to the village is magical. The landscape, the breeze (don't forget your cardigan!), the local hospitality, and its heritage will win you over immediately. Let's walk in the village's alleys, visit the sights, meet the locals and enjoy delicious food under the centuries-old plane trees. They say that "We don't need much to experience moments of happiness" and they are right!

**Meet us at the beach and #Beactive:** Welcome to our annual award-winning beach day event. This year's theme is "TIME ATTACK". The team of students who finish the physical tracks with the best score WINS! Create your team to give it a try, or just chill sunbathing.

**MEET Us:** #TheJourneyToMySuccess: Your own journey to success begins here! New Students' Orientation Day.

### Prepare for your Journey:

During the preparatory program the following workshops will be offered in order to help you develop skills and practices to become a successful student.

Are you ready to:

- Be goal oriented
- Be a proactive learner
- Be the best version of yourself

**Using Digital Tools for learning:** Learn how to use the digital tools available at the University that will enhance your learning experience.

\*For the particular activity there are limited number of seats available, so do not forget to register at the Students' Information Point (Reception) or by sending us an email at studentwelfare@frederick.ac.cy

Note: Any of the activities included in the Induction and Orientation Programme may be canceled or offered remotely according to travel restrictions and relevant guidelines issued by the appropriate Authorities in regards to Covid-19.

## Preparatory Classes

Frederick University and Frederick Institute of Technology offer, during September, free intensive courses in order to help your transition to higher education be as smooth as possible and successfully begin your studies in your Program of Study. During the preparatory program you will have the opportunity to get acquainted with the University/College, as well as with faculty members and fellow students.

## Placement Tests

The placement test is a way of assessing the approximate level of a student's knowledge of English and Maths so that we are better able to determine your needs and provide you with the skills necessary in order to succeed in your studies.

Placement tests will take place as follows:

English Placement Test: all students in Groups 1 & 2 – 26/09

Maths Placement Test: all students enrolled in Engineering Programs – 22/09

## THE COURSE YOU WILL HAVE TO ENROL IN BASED ON YOUR PROGRAM OF STUDY

Course	ENGLISH ↓	ENGLISH & MATHEMATICS ↓	SPECIAL TOPICS IN ARCHITECTURAL ENGINEERING ↓	CHEMISTRY & PHYSICS ↓
